

Home sweet home

Peace for being here

Peace for having you

Freedom to love you

Freedom to not fear

Home sweet home

Is where you are

The place where dreams come true

Allowed to roam

Bright as a star

Seeing there is no blue

All will disappear

If I stay with you

Like they say they used to,

Singing in your ear.

If you are there

Standing with me

The world will be perfect

Sharing the air

As we fly free

You made me'a love addict
