I beg you pardon, where do we meet?

I didn't see you, can we fly high?

Sorry, I'm late, will you be in town?

Do you want to meet? Let me get it.

How may you meet me? Neither do I.

Will I see you? I'll see you around.

See you at twelve. At the forest.

Freedom

Free to love someone

Love like it's the last

Last breath on earth

The sky is bright blue, how have you been?

I love the cool breeze, how can I win?

You look marvelous, what have you been doing?

Do you like it here? Let's meet again.

Where do you live? It's amazing.

Do you love me? You look like a queen.

See you very soon. At the same place.

I'll miss you, I love you.

Kiss me now, they will kill you.
